## **2004 – Word of Prophecy for B. Ingram... by, Henry Cleare**

Brother this is what I believe God wants me to share with you. Before I formed you in the wound; before you were born I set you apart, I born you to prophesy to nations. You must go to every one I send you. Say whatever I command you. Do not be afraid of them for I am with you declares the Lord God. Now I put my words in your mouth. See the day I born you over nations and kingdoms to up root, to tare down and destroy to overthrow, to build and to plant. Get yourself ready! Stand up and say to them whatever I command you, do not be terrified by them. I will terrify you before them.

They have made you a fortified city and a pillar of iron and a bronze wall to stand against the whole land and kings. They will fight against you but will not overcome you, for rest in me says God. He declares it to be so. My brother be comforted I want you to be encouraged, I want you to stand strong, I want you to know God is with you in the mist of the trying times you are going through. That you have been sat in it to win it! You are more than a conqueror and a world overcomer. Through him that loves God has spoken you into existence even before you were in your mothers wound, He formed; He knew you, He sent you to do a great work and therefore you must stand strong because the enemy wants to send discouragement along the path way to you to try to stop you through discouragement. Stand firm in it, stand strong in it continue to seek his face, continue to seek his heart and mind. Continue to see what he has in store for you, he'll continue to show you because he has already directed and ordered your pathway and he knows the roads you should take!

**...when** He laid his hands upon you stand strong and firm because there is no where you can go that the spirit does not dwell and darkness is not dark enough to have you because darkness is as light to God, night and daytime is the same to Him. He created you and formed you while in the innermost days of your mother he saw you, He saw your unformed body, you're fearfully and wonderfully made and He sent you here for a purpose and a plan for Himself.

Everyday your life was...before even written in the book. You're precious to Him! He says walk strong, walk firm, walk boldly, know that those that come against you those that have been trying to hinder or stop you will not be successful in doing a thing. I want to encourage you brother stand strong, stand firm in the Lord and the power of His might and all be fully clothed in His armour and know you are a world overcomer and more than a conqueror.

I love you ...bye bye.
