From the Prophet's Pen...

Prophetic Insights and Prophecies

September 3, 2005 – Word of Prophecy for Greater Harvest Ministry... by, Apostle Ingram

To Pastor & Bishop Rice: I've heard your petitions, I've heard your prayers, and I've heard your cry to me to change this city. I've heard how your prayers and petitions have come up before me even things you've spoken to men and women of God in this city and they have not heard. God says He is going to begin to cause their hearts to be softened. I'm going to begin to cause their ears to hear and the words you've spoken to them, prophecies you have given them, they're going to war with them and remember them. They are going to begin to turn and repent. You've cried out for many houses in this city, you've cried out for change of many houses in this city. You've said, God I don't understand, I don't see why they're prospering. I don't see why they're growing. I know what they are doing. I even know their life style. I even know how they are living. Yet you've prayed for them, yet you've labored for them, yet you've fasted for them. Because of the sacrifice, I've spared their lives, I kept them from danger, I kept them from even death. I'm about to turn their ways. He said many are going to come to you and they are going to repent and they are going to say forgive me, what can I do to help you. I've been obstinate against you, I've been standoffish against you, and I've been hateful against you. But now I'm going to begin to work with you, I'm going to begin to contribute to you. I'm going to begin to help you and create opportunities for you. Many are going to begin to knock on your door even in the night season as Nicodemous came. They're to prideful to come during the day, they are going to have to come at night but they are going to come, weeping and crying, repenting and they are coming with an offering. They'll bring the prophet an offering, they're coming with an offering of repentance, and they're coming with fruit, meat from repentance. He said I want you to receive that fruit and I want you to bless them not curse them. I want you to bless them because I'm going to turn their life around. I'm going to be able to put a word in their mouth and I'm going to change them, I'm going to send them out like Saul. I'm going to change them into another man even as they're going on the way they will begin to prophecy, begin to speak the word of the King. Even their teaching will change, doctrine will change, and belief will change. He said I'm going to use you to be a seed of impact into their life, says the Lord.

To Bishop Rice: The spirit of the Lord would say to you, you've not begun to go into some of the places I am about to send you. You've had a desire to go into foreign lands, I see you going to Rwanda, going to Zaire, going to Zambia, going to my people to take the word of economic development and improvement. Begin to teach them and show them how to arise, how to work their land, how to work their field, how to build their houses and how to build their water system. How to build their work ways. You have a desire, but you say God, I don't have the means to go. He said I'm going to send some men by that are going to put into your hands and finance the work and you will be able to go. Begin preparing yourself, begin preparing yourself, and begin preparing your body because in many of the nations that you will go you will not be able to eat the food. You won't be able to drink the water, so begin preparing your body, build up your body, take pure things in your body so that you can withstand the time of fasting and withstand the times of not eating and not drinking so you will be strengthened for the load I'm about to put on you. I'm about to send some men next to you. They've been a little fearful and afraid. They've been looking at what you don't have and what you have, He said I'm changing their heart, I'm changing their mindset causing them to line up with what you have been speaking into their lives. I'm causing them to begin to embrace, to begin to see what you have been trying to tell them for so long. I'm going to do it and the word you have planted in them is going to come to pass. Be encouraged; be encouraged your time and seasons are in my hands. I know you've been at it a long time, He said its in my season, I'm about to do it in this day, in Jesus name.
